Checks Before You Send

Never send an embarrassing typo again. WBF automatically scans your emails and corrects errors in Outlook, Gmail, Apple Mail, & Yahoo before it's too late.

[See How It Works](#)

Corrects More Mistakes

WBF detects and corrects 32% more mistakes than the major word processors thanks to our WBF Technology.

Who Uses Our Software?

Professionals

“I’ve tried other grammar checkers and WBF is the only one that’s at the level I need. It keeps my business emails, documents, and presentations polished.”

Rachel Garcia, CEO, Grassroots

Students

“I love having WBF to quickly check my essays before I send them in, so I don’t lose points on the little things.”

Alicia, Student at UC Berkley

Writers

“It’s easy to make typos when you write as much as I do. WBF has actually saved my reputation as a professional writer.”

Alan, Freelance Journalist

Customer Support When You Need It

We’re not the kind of company that abandons our customers. Need help? Use our live chat, give us a call, or shoot us an email. We’ll get back to you within 24 hours tops to help solve your issues.

8 am – 7 pm EST:
